Dear Fisherman: Mongolia offers one of the last wildernesses in Asia and in the World. It has got plenty of waters with often rich marine life. One of the largest living freshwater fish on earth, the Taimen (Hucho Taimen) lives within the waters of various rivers and lakes. The Taimen is a particularly ferocious fish which can often attain weights of 50 kilos or more.

►THE MAJOR SPECIES ARE:

Salmon (Taimen), Trout, Pike, Grayling, Sig, River Perch, Siberian Umber, Roach, Ide, Bull Ide, Golden Carp, Amur Catfish and Burbot.

► **FISHING SEASON:** **1. The Spring Season:** The Mongolia Fishing Season starts on **June 15th** (*in this period the Taimen & Trout begin feeding aggressively). Also is possible to start to fish on **May 15th**, but is too cold!).

2. The Fall Season (* this is Autumn, is the best season to fish in Mongolia): from very late August, September, October and the first two weeks of October. We have everything to set up world record for our clients.

► **FISHING CAMPS:** Located in the Northern Mongolia and in Central Mongolia, we have exclusive permission for fishing on one of the best Taimen rivers of Mongolia. The camps are simple and remote: camping in

Mongolian GERS (yurts) or tents. A typical fishing day begins with early morning breakfast and return to our Fishing Camp for dinner and overnights. Cuisine at the camp is a variety of Occidental and Mongolian dishes.

► **Samar Magic Tours** is a fully licensed Mongolian Tour Operator, Spinning & Fly-fishing Outfitter, since 1997. We have local agreements for fishing on several remote rivers in the Khovsgol region of Northern Mongolia and in the Central Mongolia. These regions are source to many of Mongolia's Taimen & Trout rivers, including the Shiskhid, Eg-Uur, Delger Moron, Selenge, Chuluut and many others main rivers.

100,000 sq km of northern Mongolia. They are truly nomadic, often moving from one place to another looking for special types of grass and most loved by the reindeer. They do not use Gers (Yurts), but prefer Tents made from reindeer skin. Tsataan practice shamanism.

CLIMATE: The alpine climate of the northernmost province Hovsgol can change from one extreme to another. In summer, temperatures are mild but weather can change quickly (rain showers are to be expected) and temperatures will range between 18 and 25 degrees Celsius during the day. At night they may drop to 10 to 5 degrees Celsius. In autumn, temperatures may drop to 0 degrees Celsius at night.

Altitude at camp is 1650 m above sea level.

DANGERS/ANNOYANCES

Mongolia is a safe place to be. As a visitor you are unlikely to experience any serious problems. However, like anywhere else there are a few things that visitors should be aware of, things that will need extra care and attention. Pick pocketing and bag slitting is most common in crowded places such as the black market, on buses or at tourist attractions such as Gandan Monastery. Bag-slashers attack "obvious tourists" frequently at the following locations: Black Market (bazaar), outside Post Office, Railway station, and crowded bus lines in Ulaanbaatar city. Valuables should be kept in a money belt and kept underneath your

clothing or in the security box at your hotel in Ulaanbaatar city. Be careful about being seen with large amounts of money outside.

In the countryside: there is not any problem. The nomadic families are very hospitable. We ask you to remember that when we visit the nomadic people, we are guests in their homes, so it is appropriate to offer them small gifts in return for their hospitality.
