THE BEST TIME TO GO

Mongolia is vast! Generally, it is recommended to pay your visit from May to September when the grass is green.

-Please note when you choose your clothes:

April to May, or on September: warm days and cool nights around (6-10°C).

June, July to August: is summertime, days around (15°C-30°C), nights around (10/20°C).

DANGERS/ANNOYANCES

Mongolia is a safe place to be. As a visitor you are unlikely to experience any serious problems. However, like anywhere else there are a few things that visitors should be aware of, things that will need extra care and attention. Pick pocketing and bag slitting is most common in crowded places such as the black market, on buses or at tourist attractions such as Gandan Monastery. Bag-slashers attack "obvious tourists" frequently at the following locations: Black Market (bazaar), outside Post Office, Railway station, and crowded bus lines in Ulaanbaatar city. Valuables should be kept in a money belt and kept underneath your clothing or in the security box at your hotel in Ulaanbaatar city. Be careful about being seen with large amounts of money outside.

In the countryside of Mongolia: there is not any problem. The nomadic families are very hospitable. We ask you to remember that when we visit the nomadic people, we are guests in their homes, so it is appropriate to offer them small gifts in return for their hospitality.
